

Gestational Screening Glucose Load Test

1. You will be required to remain at the collection centre for one hour.
2. You will be given a 50g glucose drink unless otherwise specified.
3. At a time convenient to you, drink the entire contents of the bottle over a 5-10 minute period.
4. You **must** stay in the Collection Centre for **60 minutes after completion of the drink** to have your blood collected.
5. **Please note: Blood must be collected exactly 60 minutes after completion of drink.**

Fasting overnight is **not** necessary.
